

PRODUCT SHEET

24" Rugged Command Console

The 24" Intergraph command console provides a free standing, deck mounted design with an integrated rugged (backlit) NEMA keyboard and trackball. The console boasts a large 24" LED backlit display system and an amplified integrated dual speaker system to provide system alerts for critical alarm systems.

The console is hard mounted (requiring no isolation system) and provides a lockable front door for internal I/O from remote computer systems or mounting of the TD-R™ 4000B series computer systems. Additionally, the spacious interior provides numerous options for shelf mounting computer systems, I/O assemblies while providing ease of access for maintenance.

Field proven design methodologies insure rugged field readiness *from the proven and trusted supplier* of rugged products and services.

CONSOLE CONSTRUCTION:

- Aluminum and stainless steel construction
- Bolted component support and restraint for increased structural reliability for truly rugged environments
- Power Coat Paint finish
- Hard mounted – No Isolation System providing reduced maintenance and mounting envelopes
- Modular (top/bottom) sections for installation support

CONSOLE FEATURES:

- Free standing, deck mounted
- Deck or rear cable entry featuring Roxtec® sealing glands
- Lockable front door featuring secure, convenient access to internal I/O
- Display System:
 - 24" WUXGA (24.1" Diagonal)
 - Color Active Matrix LCD CCFL backlit system
 - Display features surface treatment hard coating (3H) with Anti-glare treatment of the front polarizer
 - High Bright – Dim to Black analog adjustment knob.
 - Front menu control buttons with selectable on/off indicator LED for night operations.
 - Viewing Angle (Free) R/L 178 (typ); Viewing Angle (CR>10) U/D 178 (typ)
 - Pixel Pitch: 0.270 mm x 0.270 mm
 - Luminance, White (High Adjust) ≤400 cd/m2 (Center 1 point)
 - Input modes: DVI and SVGA
- Audio – Integrated dual speaker system with audio amplifier with analog volume adjustment knob.

- Keyboard
 - Spill proof design
 - Red Backlit Keys -Dim to Black
 - Rugged, Durable design
- Trackball
 - Large 3 – 4 button trackball
 - Red Backlit – Dim to Black
- I/O (Internal) Interfaces for Analog, Digital and PS/2 signal inputs (standard). Optional Factory or Field installed TD-R™ 4000B series shelf/computer system internal mounting kit. Additional Options for Media Conversion kits and serial interface systems.
- Switch Kits and Analog Controls – Optional custom switch kit and analog control design available upon request.
- Optional display tilt wedge for 15+/-° angle

ENVIRONMENTAL:

- Operating Temperature: -10° to +60° C
- Storage Temperature: -40° to +80° C
- Relative Humidity: 0 to 95% non-condensing
- DESIGNED TO MEET
 - Shock: MIL-S-901D Grade A
 - Vibration: MIL-STD-167-1
 - EMC: MIL-STD-461F
 - Airborne Noise: MIL-STD-740-1
 - Inclination: MIL-E-16400G

PRODUCT SHEET

PRECONFIGURED SYSTEMS:

Part Number: FFDSP3000-4

Description: CONSOLE, 24" COMMAND, SERIES II

Summary: Intergraph 24" Command Console. Computer System and computer interface cabling not included.

Part Number: FFDSP0200

Description: CONSOLE, CMD, 24", ISCS, INTEGRATED

Summary: Intergraph 24" Command Console with an integrated TD-R™ 4127B Computer System (FFBAS0427) consisting of: Intel® 2.7GHz (or higher) i7 Processor; 8GB total memory (1x4GB); Factory installed (removable) 120GB Intel® 510 Series Solid State Disk Drive; CF Card Reader; tabbed stainless steel mounting brackets; Mil style DC input power connection; External AC Power Supply with mounting bracket; Windows 7 Professional (See TD-R™ 4X27B Product Data Sheet for full computer system details). Integrated Console also includes two (dual) ruggedized/integrated 100Mbps Media converters (ST output) with dedicated power supply prewired to a lower ST fiber panel and a 15° display tilt wedge adjusting the top of the downward for a seated configuration. Shipped and integrated (preconfigured) as a single unit.

Part Number: FFDSP0202

Description: CONSOLE, CMD, 24" W/INT TDR 4127B

Summary: Intergraph 24" Command Console with an integrated TD-R™ 4127B Computer System (FFBAS0427) consisting of: Intel® 2.7GHz (or higher) i7 Processor; 8GB total memory (1x4GB); Factory installed (removable) 120GB Intel® 510 Series Solid State Disk Drive; CF Card Reader; tabbed stainless steel mounting brackets; Mil style DC input power connection; External AC Power Supply with mounting bracket; Windows 7 Professional (See TD-R™ 4X27B Product Data Sheet for full computer system details).

** Additional configurations are available upon request, to include, but not limited to, cable interface kits, custom switch kit assemblies and internal and remote mounted computer systems. Contact your sales representative for configuration assistance.
